

## RESPONSIBLE VISITOR CHARTER

### What you can do to save our planet

The La Mare Wine Estate Team are passionate about our environmental responsibilities. We can help to reduce the impact we have on our environment by making simple changes.

Here are some ideas how you can help:

1. **Conserve Energy** – Reduce energy by switching off lights and closing windows if heating is on. For further information on energy efficiency visit [www.jec.co.uk/section/67/index.html](http://www.jec.co.uk/section/67/index.html)
2. **Give the car a rest** - Leave your car if even just for one day. Walk, cycle or use public transport, walking and cycle routes can be found on [www.Jerseytravelservice.co.uk](http://www.Jerseytravelservice.co.uk) and bus routes on [www.mybus.je](http://www.mybus.je)
3. **Shop locally** – purchase local products and support the local community, La Mare Wine Estate produce a vast range of Genuine Jersey products. See [www.genuinejersey.com](http://www.genuinejersey.com)
4. **Reduce, Reuse, Recycle** – Try to avoid overly packaged goods and re-use your carrier bags. For details on recycling see [www.recyclenow.com](http://www.recyclenow.com)
5. **Be Water Wise** – Adhere to water saving initiatives, keep the tap running to a minimum, collect rain water for your plants. La Mare Wine Estate collects all the rain water from the roof and uses it wisely. For further information see [www.jerseywater.je/usewaterwisely/why.asp](http://www.jerseywater.je/usewaterwisely/why.asp)
6. **Respect Nature** – Jersey is a natural beauty, help us look after our Island by not littering, guarding against fire and using footpaths and cycle-ways responsibly. For further details on Jersey's environment see [www.gov.je/PlanningEnvironment/Environment/](http://www.gov.je/PlanningEnvironment/Environment/)
7. **Support Green Business** – Log onto [www.green-business.co.uk](http://www.green-business.co.uk) to see other Green Tourism Business Scheme supporters in Jersey and the UK.

### ENJOY OUR ISLAND AND HAVE 'GREEN' FUN!

If you have any ideas how we can further reduce our environmental impact please let us know.
